

How do we feel right now? I think the best way to describe it is that our cup is full and running over. We thank the Lord for His many blessings and His working in our lives and in the lives of those around us.

VAN PURCHASE

Praise the Lord that we were able to buy the van mentioned in the last prayer letter. We have already put it to good use with transporting people to church in the extra seats and taking tables, stroller, and other gear in the back to church.

RESURRECTION SUNDAY

We celebrated the Lord's resurrection this year on the same day as Easter in America, which is not always the case. Including our family and Sarah, we had 19 people in attendance. We had a

breakfast meal first and then the service. This year, Abby has started learning the violin, and Caleb and I started learning guitar. We played for the first time in the service for Easter.

FAMILY CONFERENCE

Each Thursday evening in May, in place of our regular midweek prayer and Bible study, we have had a Family Conference. We made a conference workbook and had some free and discounted materials about the home for people. Six Moldovans came the first

week, seven the second week, and nine this past week. While this may not sound like a lot, one woman who came the first week has come to every Sunday morning and evening service as well. She was saved and baptized in a Baptist church in northern Russia and had just found out about us. Another couple has come the past two weeks and plan to come every Sunday as well. One of my ESL students has also come each Thursday with her husband. The responses from those attending the conference has been very positive. Pray for the Word to have free course in the hearts and lives of those who have come. Also, pray for the last week of the conference to be used of God as we talk about the dangers of technology, including social media and pornography, and how to enable filters.

DISCIPLESHIP

The Bible studies with the one man I had mentioned continue to go well. Since then, an older woman also wanted me to start Bible studies with her. Her

May 2017

son was coming to our church periodically before he moved to the capital city to find work. I am currently covering the topic of salvation with her. Please pray for salvation to be clear to her and for the man to grow in his walk with the Lord.

SUNDAY EVENING BIBLE STUDY

The lady I had mentioned in the last prayer letter who comes Sunday night to our home Bible study recently married and now comes with her husband each week. Ironically, her husband is the Orthodox young man whose father had told me I could not talk to his son when I had called a couple times. The Sunday evening Bible studies started three years ago with just a neighbor. We now have five coming regularly. Please pray for the work to continue to grow, not just in the city of Soroca, but also in our village of Zastînca.

FAMILY VISIT

My wife's younger sister came to visit us for a week, along with her husband and three children. The week was one of needed refreshment, encouragement, and fellowship. We thank the Lord for the opportunity for them to come visit us.

Thank you all for your faithful prayers and support.
